HELP IS RIGHT HERE.

When it comes to staying healthy, you have a lot of decisions to make. But you're not alone.

Call *24-Hour Nurse Advisor* anytime you have a healthcare decision to make. Registered nurses are always available to help you:

- Decide if you should see a doctor immediately or wait until the morning.
- Treat your symptoms at home.
- Recognize signs that your health concern may be getting worse.
- Make more informed healthcare decisions.

With *24-Hour Nurse Advisor*, you can call to speak with a nurse anytime, from anywhere, and there's never a charge to you.

When it comes to making healthcare decisions, you're not alone. With just one easy phone call, you'll get professional advice that could result in improved health throughout the entire year.

If you think your situation may be life or limb threatening, call 911 or local emergency services.
