

Integrated Population Health

The Future of Employee Health — bHealthy

 **Bardavon Health Innovations, LLC** and **Planned Administrators, Inc. (PAI)** are excited to offer large employers nationwide an Integrated Employee Health Offering, **bHealthy**, which incorporates population health with Workers' Compensation (WC). bHealthy focuses on improving employee health, through a seamless "Hire-to-Retire" approach to workforce management, with an emphasis on addressing Musculoskeletal (MSK) Disorders. This offering **empowers employers** to take control of WC programs, through:

- ✓ Enhancing Transparency, through Robust Analytics
- ✓ Enabling End-to-End Program Governance
- ✓ Aligning Key Stakeholders
- ✓ Developing Constant Feedback Loops
- ✓ Re-Aligning Incentives, through a simplified "Common Sense" Pricing Model

Employers benefit through a reduction in WC spend, commercial MSK spend, and improved workforce productivity.

Build the Right Model for your Business

Program Benefits

-  Focusing on the Employee
-  Hiring and Maintaining a Healthier Workforce
-  Reducing Work-Related Injuries
